The Momentum Killer

APEX AFFINITY GROUP

EXCITEMENT

Most people get excited and tell a few people.

THE PAUSE

But then they pause, and they start waiting.

THE EXCUSES

Waiting for the perfect moment, for more knowledge, or to feel “ready”.

APEX AFFINITY GROUP

The Solution: A Simple, Repeatable System

This presentation provides a simple, 6-step system you can start today. Not tomorrow.

If you follow these steps and teach them to your team, your business will grow—and it will grow fast.

STEP 1: MAKE YOUR TWO LISTS

Before you do anything else, sit down and make two lists of ten names each. Don't judge or filter as you write; just get the names down.

LIST #1: RECRUITS

1. Entrepreneurial people
2. People in sales
3. Anyone wanting more income
4. Licensed insurance agents
5. People with hunger and drive

LIST #2: BUSINESS OWNERS

1. Your dentist
2. Your barber or stylist
3. Contractors (e.g., roofer)
4. Local salon or shop owners
5. Restaurant owners

Step 2: Ask the One Question

1. PREPARE & MEMORIZE:
You have your lists. Your first goal is to memorize the core question.

2. DELIVER WITH IMPACT:
Pose one simple, powerful question to open the door.

3. REACT STRATEGICALLY:
If yes, set a time. If no, thank them, share your link, and don't chase.

THE ONE QUESTION:

"If I could show you how to make $20 a month off of every business owner who uses AI, would you give me 20 minutes of your time?"

Step 3: Show the Right Deck

The presentation you give depends on who you're talking to. Lead with what's most relevant to them, but always bridge to the opportunity.

For Your Recruit List

Lead with the Apex Opportunity Deck. Focus on the income potential, the dual ladder, and how duplication builds a team.

LEAD WITH: APEX OPPORTUNITY DECK

- INCOME POTENTIAL
- DUAL LADDER
- DUPLICATION BUILDS TEAM

For Your Business Owner List

Lead with the Product Deck. Show them the value for their business first (AI content, landing pages, social media automation).

LEAD WITH: PRODUCT DECK

- AI CONTENT
- LANDING PAGES
- SOCIAL MEDIA AUTOMATION

The Unbreakable Rule: Every contact is always a recruiting contact in the end. Always.

Step 4: Sign Them Up (Even on the Fence)

Overcoming Hesitation

Prospects are often unsure. This is natural. Address their doubts directly.

The Opportunity & Value

- Free to Join as a Distributor
- No Risk Entry
- Automated Spillover Growth

The Proven Script

"Even if you're not ready... sign up anyway. As I build,

the system will place people under you. You could wake up one day to a growing organization.

It costs nothing to sign up today, but it could cost you the opportunity if you don't.

Step 5: Always Ask for a Referral

Never leave a conversation, whether they join or not, without asking for the next one. This is how you keep your pipeline full.

Question 1

"Who's the most entrepreneurial person you know?"

Question 2

"Do you know any business owners I should be talking to?"

One introduction could lead to your next top performer.

Step 6: Teach What You Just Did

Duplication is the whole game. Once someone joins, your immediate job is to teach them these exact six steps. Keep it simple, because simple is what duplicates and scales.
